## News Release:

### **SOFTWARE LAUNCH AS MINISTRY OF EDUCATION PARTNERS WITH ARIES TECHNOLOGIES INC**

---

The Ministry of Education will collaborate with Aires Technologies Inc (Barbados) to produce educational software based on the curriculum for all schools in the country.

The official launch takes place on Wednesday February 28<sup>th</sup> 2007 from 10.00am until 11.30am at Crowne Plaza, Calypso Lounge Seminar Room.

Aries Technologies Inc. is a software development company that has as one of its mandates the development of indigenous software that is tailored to the unique educational needs of the Caribbean, created by CARICOM nationals for CARICOM Students.

Some of the benefits of this partnership include:

- 1) The augmentation of the Education Sector of Trinidad and Tobago.
- 2) Teachers and students benefit from the use of software that is developed regionally.
- 3) Teachers will benefit from having an effective tool for use in the classroom.
- 4) Students will benefit from the exposure to tools that they will be expected to be familiar with in the working world.
- 5) Teachers will be utilized in the development of the project thus providing them with the opportunity for further professional development.

We invite you to send a reporter and photographer to learn more about this important alliance.
