

Government of the Republic of Trinidad & Tobago
MINISTRY OF EDUCATION

CENSUS OF PRIVATE PRIMARY AND SECONDARY SCHOOLS

The Ministry of Education is conducting a Census of all Private, Primary and Secondary Schools operational in the Republic of Trinidad and Tobago.

The Census began on May 17th, 2007 and will extend to the end of June 2007. The Principal and Staff members of all private schools are encouraged to assist the field enumerators who will be visiting their schools, to ensure completeness and validation of the data collection exercise.

The Census forms part of the Ministry's education reform initiative for a quality child-centered and seamless education. The compilation and use of comprehensive, accurate and timely statistics on all aspects of the education system is critical for the sustainable development and management of the education sector

EDUCATION IS EVERYBODY'S BUSINESS AND WE ARE COUNTING ON YOUR SUPPORT FOR THIS NATIONAL UNDERTAKING.
